

KEYLINE USA PRODUCT GUIDE

**INNOVATORS BY DESIGN
SINCE 1770**

For us, innovation means a continuous wonder for what technology, design and creativity can do when paired with commitment and the drive to be the most reliable partner for security specialists.

This is at the core of the Keyline USA **Product Guide**, which is a valuable guide for mechanical, electronic and digital key cutting machines, cloning devices and transponder technology, electronic heads, keyless kits and horseshoes.

Keyline research completely changed all of them. Our original operating and user interface software constantly anticipates the future. The transponder technology has reached surprising heights and electronic heads, keyless kits and all our keys provide professionals with the tools they require to offer excellent service.

Whether they are automotive keys or systems for door keys, our latest products open up incredible opportunities for key cutting and efficiency standards.

Since 1770 we have been constantly dedicated to raising our commitment for innovation and quality. Our history of these is what makes it possible for us to help locksmiths and automotive professionals every day, in every part of the world.

Massimo Bianchi, Keyline Strategic Planner

884 DECRYPTOR MINI

- Works with PC (with Windows 7 or higher) and Keyline Cloning Tool software or Android phone/ tablet with USB-OTG capability and Keyline Cloning Tool app
- Bluetooth & Power Adaptor available for iOS capability (sold separately)
- Portable, lightweight and simple to use
- Works exclusively with Keyline's 2-piece key system (heads and horseshoes or chips and POD keys)
- Clones Philips® Crypto (1st & 2nd generation), Texas® Encrypted, fixed code transponders and more
- Ability to clone Megamos® Crypto (ID48) transponders with TKM. XTREME Kit and Toyota® 80-bit 'G' transponders with TKG. KIT (software kits sold separately)
- Easy software updates
- Part #: B1884-MINI

APPLICATIONS

TECHNICAL SPECIFICATIONS

Power Supply	Powered by user device (PC, tablet or phone)
External Connections	Micro USB port; 2 connection cables included (USB and USB-DTG)
Dimensions	5" x 4" x 4"
Weight	1 lb.
Warranty	2 years

BLUETOOTH & POWER ADAPTOR

TECHNICAL SPECIFICATIONS

Power Supply	Connected to 884 Decryptor Mini and charged through micro USB connection port on 884 Decryptor Mini
Connection Type	Bluetooth v4.0 dual mode (BT and BLE); compatible with Android and iOS devices
Dimensions	4 ½" x 1" x 3 ½"
Weight	<1 lb.
Warranty	2 years

▪ Part #: BTP-884-MINI

884 DECRYPTOR ULTEGRA

- Advanced cloner for Philips® Crypto (1st & 2nd generation), Texas® Encrypted, fixed code transponders and more
- Ability to clone Megamos® Crypto (ID48) transponders with TKM. XTREME Kit and Toyota® 80-bit 'G' transponders with TKG. KIT (software kits sold separately)
- Part #: BI884
- Works exclusively with Keyline's 2-piece key system (heads and horseshoes or chips and POD keys)
- Intuitive, multi-language graphic display
- Stand alone; computer connectivity required only for software upgrade kits and updates
- Easy software updates

APPLICATIONS

TECHNICAL SPECIFICATIONS

Power Supply	12V DC; 12V vehicle adaptor included
External Connections	USB and RS232 serial port
Dimensions	8 ½" x 5" x 2 ¾"
Weight	2 lbs.
Warranty	2 years

POD KEYS

Keyline POD Keys are chipless shell keys that give automotive professionals the ability to create their own transponder keys using original transponders or harvested chips from existing transponder keys to make a new key or replace a key that is damaged.

The innovative new style POD Keys feature an OEM-like design and accommodate a variety of original transponder chip types including glass and wedge styles as well as feature a pinhole release for easy access to chip holder tray for replacement or removal.

New style POD Keys are noted with  image

CAMILLO BIANCHI READER ADVANCE

- Camillo Bianchi Reader Advance includes customization software to allow easy addition of new key blanks
- Perfect solution for identifying single or double-sided flat profiles or dimple keys
- Intuitive interface with 7" display
- Simple key insertion slot with grid aligning
- Complete database built-in
- Compact and ergonomic design
- Multiple languages and regions
- Part #: BI702-ADV-NA

TECHNICAL SPECIFICATIONS

Voltage	12V - 24W
External Connections	1 LAN, 1 USB
Software Updates	Keyonline via USB flash drive or Ethernet cable
Dimensions	6" x 12" x 12"
Weight	9 lbs.
Warranty	2 years

994 LASER

MARKET-PROVEN AUTOMOTIVE EDGE CUT & HIGH SECURITY KEY MACHINE

- Cuts by code, decode or depths and duplicates high security, double-sided edge cut (optional G Clamp) and 6-cut Tibbe keys (optional H Clamp)
- Complete database of high security systems built-in; no computer needed
- Innovative, 7" color touch screen console features dynamic graphic representation of key cuts and faster software functions
- Integrated stand to hold clamps, tools and cutters
- Electronic calibration
- Key information is automatically converted to original lock specification when duplicating
- Universal 2.5mm carbide cutter used for all high security & Tibbe applications, 1.5mm for edge cut
- Universal tracer for all key applications
- Software easily updated using USB flash drive or Internet
- Includes A & C clamps to cut most popular high security laser keys; B, D, G clamp kit and H clamp available as optional equipment

APPLICATIONS

WITH G CLAMP

WITH H CLAMP

TECHNICAL SPECIFICATIONS

Power Supply	110v / 60Hz
External Connections	2 USB, 2 RS232 serial ports, 1 LAN
Cutter Speed	6,000 RPM
Key Reading / Decoding	Electrical contact
Mobile Capability	Requires pure sine wave inverter (sold separately)
Dimensions	12" x 15" x 14" (machine), 9" x 10" x 6" (console with base)
Weight	45 lbs.
Warranty	2 years

DEZMO + DROMO

INNOVATIVE INDUSTRIAL MACHINE FOR VOLUME KEY CUTTING

- Cuts by code and duplicates residential, commercial, padlock and automotive keys
- Complete database of key systems built-in; no computer needed
- Innovative, 7" color touch screen console features graphic representation of key cuts
- 4-sided clamp with 80mm carbide cutter
- Optical key reading
- Optional robotic key feeder, Dromo (as shown) to handle large volumes of keys
- Software easily updated using USB flash drive or Internet

APPLICATIONS

TECHNICAL SPECIFICATIONS

Power Supply	110v / 60Hz
External Connections	2 USB, 1 LAN, 1 VGA socket
Key Reading / Decoding	Static reading from digital image (Optical + CCD)
Cutter Speed	2000-3000 RPM (variable speed according to program)
Dimensions	21" x 20" x 18" (machine), 10" x 15" x 4" (console)
Weight	100 lbs.
Warranty	2 years

ACCESSORIES

T-REX

NEW HIGH SECURITY AND DIMPLE KEY DUPLICATOR WITH ADVANCED FEATURES

- Duplicates high security and dimple style automotive keys
- Innovative jaw with 3 clamp system accommodates a variety of key types
- Intuitive LED panel facilitates operations on the machine
- Non-glare lighting illuminates work space
- Large chip tray keeps work area clean
- Integrated cutting mills holder with highly accessible working area allows for easy cutter and tracer change
- Accessory holder keeps spare parts handy
- Adaptors sold separately; Audi/VW (MA), Mercedes 2-Track (MM)

APPLICATIONS

TECHNICAL SPECIFICATIONS

Power Supply	110v / 60Hz
Cutter Motor	Single speed
Cutter Speed	6000 RPM
Dimensions	12 1/2" x 16 1/2" x 19"
Weight	53 lbs.
Warranty	2 years

303

ROBUST, INNOVATIVE HIGH SECURITY AND DIMPLE KEY DUPLICATOR

- Duplicates high security and dimple style automotive keys
- Microswitch activated cutter start with vertical and lateral carriage locking
- Removable faceplates
- Long lasting LED-style light
- Dual mode system; red button calibrates, black button cuts
- Three dimensional calibration results in greater cut accuracy
- Adaptors sold separately; Audi/VW (MA), Mercedes 2-Track (MM)

APPLICATIONS

MULT.LOCK

TECHNICAL SPECIFICATIONS

Power Supply	110v / 60Hz
Cutter Motor	Single speed
Cutter Speed	6000 RPM
Dimensions	15" x 15" x 20"
Weight	45 lbs.
Warranty	2 years

META 106

SEMI-AUTOMATIC DUPLICATOR FOR EDGE CUT KEYS

- Four-way reversible clamps securely hold residential, commercial, padlock and single and double sided automotive keys
- Microswitch activated carriage with improved spring loaded design
- Press down levers for easy jaw side selection
- Overhead light with ON/OFF switch includes drop down magnifying glass
- One-piece clamp alignment with locking mechanism preventing accidental jaw release
- Wide clamp spacing accommodates longer and larger headed keys
- Micrometric tracer adjustment for quick and accurate depth calibration
- Also available in carbide cutter version (Part number: B106-C)

APPLICATIONS

TECHNICAL SPECIFICATIONS

Power Supply	110v / 60Hz
Cutter Motor	¼ HP
Cutter Speed	1680 RPM
Dimensions	18" x 15" x 17"
Weight	55 lbs.
Warranty	2 years

ACCESSORIES
